The book by Fr. Micheal Amaladoss is the fruit of 20 lectures on theology, divided in 3 main parts:

1- Mission in Asia, including new insights into ecclesiological, Christological, and soteriological interpretations.

2- Theological reflections that delve into people's experience of God in various forms of Asian spirituality.

3- Challenges that the Asian churches must face in the journey towards the Kingdom of God, together with other religions and all people of goodwill.

The goal of the program was to create an Asian awareness among the younger Jesuits in this area.
