AJCU Trustee Forum

"Today, more than ever, the universities need your mission governance. And this capacity for mission governance is not conferred automatically on every trustee. It must be cultivated through encounters like this AJCU Trustee Forum."

— Rev. Arturo Sosa, S.J., Jesuit Superior General

Jesuit colleges and universities in North America benefit from the contributions of roughly one thousand trustees who guide the schools' mission and work.

The AJCU Trustee Forum provides trustees with the opportunity to ground their service in the heart of the Jesuit mission, connect with counterparts at a wide range of schools, and sharpen skills needed for contemporary board leadership.

Piloted in 2019, the AJCU Trustee Forum is offered to both new and veteran trustees twice per year.
